Team Work:

I was responsible for the design and planning of a website called 'Human Resource and Management System' in a competition organized by our institute in 2024, and everyone liked our work.

Also I am currently studying at Programming Hero and pursuing a course on web development.
Here I have done some projects like:

- Donation Website for Flooding people(used JS and HTML DOM)
- Paayo MFS (simple mobile banking system)
- Interior Design Website(used HTML, Tailwind CSS & responsive)
- E-commerece website design with tailwind and DaisyUi
